Dear Harold
mail that is over.

My real question
is: Can we trust
the evidence to be
in fact "The Evidence"?

Walker denied the
"Walker Quill" was
the Walker Quill.

Tomlinson could not
identify the Magic
Quill and O.P. Wright
denied it was the
Quill he found.

The drawings of
Kennedy's head even
to me ~~is~~ said to
resemble with the
Film.

The Dallas vs. Baroda
Medical testimony.

Ballistic anomalies
in Tippit Case ---

And there is no
chain of evidence.
Humes and Sprunger
was without Chest
photographs were taken

Navy denies it.

Why say "Missile"
when you "mean" fragments?
And Guinn is "disappeared"
in the fragments!

Read The Magus, a famous
novel by John Fowles.
You will enjoy it and
note the yaaaaa.
Aaaa of interest.

The Divines Canal
which L.H.O. may have
read from Fowles.

The COOO from Fowles
to Jean West's Apt.
Building.

The Clinton story.
Sunee Palmak read
Brown Bannister it
is unlikely he mis-
took him for Shaw.

You professed all
this in Orleans in
New Orleans.

Why "Dial Olson" pump
him up" to Bill L.H.O.?
Why?

The reason for Hixon's
and Summers's success is
subject. The fact that The
Gout still lies gives paranoid
credibility. Snap is working
on a CIA. Success Kennedy novel, He
has given off several that they
is alive. Sure. I saw him last week. H.H.
